Mr. Herman Graf
260 Fifth Ave.,
New York, NY 10001

Dear Herman,

As you'll see from the enclosed, the RH lawyer has not responded. Not that I had expected her to,

I also do not expect any response to this.

But today for the first time in a long time a student is here who could search in my files for me.

I do not know that you can use this but I send it anyway for your information.

Posner had no source on anything he said about me. With that I think it was Livingstone.

Who on most also had no source, including this.

Best wishes,

harold Weisberg
